Energy Assistance

Low income Wisconsin residents qualify for assistance with bill payment assistance and home weatherization. Call your county office to register for these benefits:

St. Croix County: 715-246-8257
Pierce County: 715-273-6788

In addition to bill payment assistance, energy services include:

- Emergency fuel assistance
- Counseling for energy conservation and energy budgets
- Pro-active co-payment plans
- Targeted outreach services
- Emergency furnace repair and replacement

The county Health and Human Services departments review income information and bills, and issue checks for bill payment assistance. They also approve enrollment in weatherization assistance from WestCAP.

WestCAP provides energy conservation repairs to reduce the cost of home energy for low income people. Correcting health and safety hazards and potentially life-threatening conditions is the first consideration in WestCAP activities. Call your county to qualify for a referral to WestCAP.

Focus on Energy offers six different free energy saving packs to residents. Call them at 800-762-7077 to find out how you can order them, or visit their website at www.focusonenergy.com/residential.

Thinking of building a new home in 2020?

Focus on Energy connects prospective home buyers with builders and energy experts to construct new homes that are between 25 and 100% more efficient than homes built to Wisconsin's Uniform Dwelling Code. Energy Certified New Homes are built to be as comfortable, durable, combustion safe and energy-efficient as possible.

New Home Certification Advantages
