Focus on Energy program results for 2020

Focus on Energy is Wisconsin utilities' statewide energy efficiency and renewable resource program funded by the state's investor-owned energy utilities and participating municipal and electric cooperative utilities.

In 2020, Focus on Energy offered financial incentives and technical assistance to help eligible Wisconsin residents and businesses reduce their energy waste. According to an independent evaluation of 2020 programs, Focus on Energy delivered \$4.32 in benefits to Wisconsin residents and businesses for every \$1 dollar spent, resulting in economic benefits, reduced energy costs, and reduced emissions. In addition, the overall customer satisfaction rating for 2020 was 9.4 on a 10-point scale. For more information on how Focus on Energy can help you, go to www.focusonenergy.com.

Budget Plans have been recalculated for fall and winter

Budget Plan gives you a predictable gas bill. The Budget Plan monthly payment for each customer choosing this option was recalculated in July. Your new Budget payment will appear on this bill, and will stay the same until next February. Budgets are calculated based on your usage during the past 12 months, and the average gas price forecast for the coming 12 months.

You may sign up for the Budget Plan by calling our office or using our website e-forms.
