Or... **AutoPay is free and automatic each month—details on our website. Pair it with Budget Plan to make your gas bill payment amount predictable.**

We might be contacting you! Your meter might be changed out this winter.

Every winter we replace meters that are 15 years old. The old meters are sent out for testing to be sure they are keeping track of your usage accurately. If not, the customer gets an adjustment bill or refund.

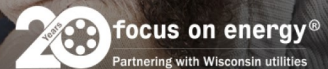

A uniformed St. Croix Gas technician will visit to notify you if your meter is on our list for this year. If you are not home, he will leave a door hanger asking you to call us to make an appointment for the meter swap. Please call us as soon as you receive the door hanger. After we install the new meter, we will need to enter your home to relight your gas appliances.

Know about C.O. (Carbon monoxide)

Carbon monoxide is odorless, invisible, and in high enough concentrations, deadly. Make sure you have carbon monoxide detectors with fresh batteries for the winter. If it alarms, call 911.

BRIGHTEN UP YOUR WINTER NIGHTS

Just because the days are getting shorter and colder doesn't mean your home has to be too. Allow our partner Focus on Energy® to share some ways you can turn this season into a winter of savings. If you're looking to brighten up your winter nights while saving some money, then look no further than Focus on Energy.

You can now get a Free Energy-Savings Pack from Focus every 12 months, or 365 days. There are a variety of pack options to choose from. Each pack offers different types of LED lightbulbs and other high efficiency products to help you save money on your monthly bill. Visit focusonenergymarketplace.com/free.
