Call 811 before you dig!

For planting trees, building decks or fences, or installing mailboxes, call 811 to reach Wisconsin's Diggers Hotline to have your underground utilities located.

Avoid damaging electric, cable, gas, or phone lines underground. Avoid creating outages which may not show up immediately.

It's the law! You must call 811 or File a Request on DiggersHotline.com at least 3 business days before you dig.

MAKE HOME MAINTENANCE PART OF YOUR SPRING CLEANING

A little home maintenance this spring can go a long way in terms of saving you energy and money in the future. One of the best ways to boost efficiency in your home is through insulation and air sealing. Whether you are the DIY type, or someone who prefers to leave things to the professionals, FOCUS ON ENERGY® offers incentives to bring down the cost of insulation and air sealing.

Take advantage of these offers now to ensure your home is more comfortable and efficient before those summer temperatures arrive.

St. Croix Gas partners with Focus on Energy to make these projects easier and more affordable for you. For information on financial incentives visit focusenergy.com/insulation or call 855.339.8866.

*Some programs require that a resident must be a customer of a participating natural gas AND electric utility. Find out if your electric utility participates at focusenergy.com/utilities.
