Most budgets have increased due to this winter's colder weather and higher natural gas prices.

Call 811 before you dig! If you are installing a mailbox, a deck, a pool, a tree or shrub, or excavating for any reason, call 811 at least 3 business days before you dig.

It's the law. There is no cost for this locating service, but it is required that you call.

The utilities (electric, water, gas, communications) in your yard will locate their lines with striping to allow you to dig without harming them.

Even a scrape can turn into a leak. Don't take a chance. Call 811 at least 3 business days before digging.

Check your heating and cooling equipment, making sure to replace filters if needed to keep them running as efficiently as possible.

Open windows for all-natural ventilation and air out your house.

Fire up the grill! Prevent additional heat in your house by cooking outdoors during nice weather.
