FOCUS ON HOME COOLING

Is it time to tune up your AC unit? Just like tuning up a car, having a yearly tune-up of your heating and cooling systems will help to ensure everything is in tip-top shape. A yearly inspection by a heating and cooling contractor will give you peace of mind knowing that your AC unit is ready when you need it.

If you're looking for a professional to take a look at your AC system, you can find a qualified Trade Ally Contractor at focusonenergy.com/trade-allies.

* Some programs require that a resident must be a customer of a participating natural gas AND electric utility. Find out if your electric utility participates at focusonenergy.com/utilities.
